WHITTIER HOSPITAL MEDICAL CENTER Earns an ‘A’ Hospital Safety Grade from The Leapfrog Group

New Grade for spring 2025 is a national recognition for commitment to patient safety

WHITTIER, CA, MAY 1, 2025 – Whittier Hospital Medical Center earned an “A” [Hospital Safety Grade](http://www.HospitalSafetyGrade.org) from The Leapfrog Group, an independent national nonprofit watchdog focused on patient safety. Leapfrog assigns an “A,” “B,” “C,” “D” or “F” grade to general hospitals across the country based on over 30 measures of errors, accidents, injuries and infections as well as the systems hospitals have in place to prevent them.

We are extremely proud of this great achievement,” said Steve Giordano, Interim Chief Executive Officer and Chief Operations Officer of Whittier Hospital. “Our physicians, nurses and staff have demonstrated their commitment to the highest quality of care and safety of our patients. This designation validates their extraordinary dedication to the communities we serve”.

“Achieving an ‘A’ Hospital Safety Grade reflects enormous dedication to patient safety,” said Leah Binder, president and CEO of The Leapfrog Group. “I extend my congratulations to Whittier Hospital Medical Center, its leadership, clinicians, staff and volunteers for creating a culture where patients come first.”

The Leapfrog Hospital Safety Grade stands as the only hospital ratings program focused solely on preventable medical errors, infections and injuries that kill more than 500 patients a day in the United States. This program is peer-reviewed, fully transparent and free to the public. Grades are updated twice annually, in the fall and spring.

To explore Whittier Hospital Medical Center's full grade details and to find valuable tips for staying safe in the hospital, visit [HospitalSafetyGrade.org](https://www.hospitalgrade.org).
